**New children's book by Sioux Falls author sparks adventure**

**Sioux Falls, SD** – *Toby's Amazing Adventures: The Great Escape* is the first installment of a new book series inspired by the life of the Ehrman family pet, Toby. To celebrate this lovable Soft-coated Wheaten Terrier, author Justin Ehrman wrote a short blog that included memories of Toby's life and the lessons learned from this loyal companion. Years later, Justin was led to share these lessons by creating a series of children's books centered around Toby.

All of us need a Toby in our lives—and now, we can all share him. Full of adventure, always learning and creating enriching experiences, Toby draws readers in and inspires children of all ages to live a better life. Readers will love this first book of the series, *The Great Escape*, and will be left wanting to read more about this cuddly little pup!

In addition to the paperback and audiobook versions of *The Great Escape*, readers wanting more can enjoy the bi-weekly podcast stories about Toby's great adventures by visiting [www.TobysAmazingAdventures.com](http://www.TobysAmazingAdventures.com) and joining the Toby's Explorers Club mailing list.

\*\*\*\*\*

Justin Ehrman, proud husband, father and grandfather, can add author to his repertoire with the publication of his new children's book, *Toby's Amazing Adventures: The Great Escape*. Inspired by the life of Toby, the Ehrman family's beloved dog, *Toby's Amazing Adventures* began to take shape after Toby's passing in 2012. In addition to being a storyteller, author and family man, Justin composes and performs uplifting worship music. Justin and his family feel fortunate to call the rolling plains of South Dakota home.
